Charles O. Brantigan, M.D.  
2253 Downing Street  
Denver, CO 80205

Dear Dr. Brantigan:

On behalf of our grateful patients and their families, as well as our staff and volunteers, thank you for your service to Presbyterian/St. Luke's Medical Center and the communities we serve. It is our privilege to collaborate with you and your colleagues in providing leading healthcare.

During Doctors' Week earlier this year, you were honored by your patients and their families, your P/SL staff colleagues and P/SL volunteers. We hope you had the opportunity to read the many wonderful comments and creatively decorated Thank You notes you and your physician colleagues received, which we displayed in the main hallway for several weeks. The response was overwhelmingly impressive and very touching.

You work very hard for your patients and your commitment to this hospital is very much appreciated. That is why it is with great pride and pleasure that we enclose your Thank You notes as a reminder of how valued you are to this wonderful hospital.

Sincerely,

A handwritten signature in cursive script that reads "Mimi Roberson".

Mimi Roberson  
President and CEO

**THANKS,**

Dr. Brantigan

There are no words to express the gratitude I have for you. With your skilled hands & vast knowledge of Thoracic Outlet Syndrome you were able to free me of unbearable pain that crippled me.

Thank you for returning me to a normal pain free life!

**THANKS,**

Dr. Brantigan -

you are a great man...  
Superb surgeon who gave me a new life after TOS! There needs to be more doctors like you that have the skill, brains, & heart to successfully treat their patients like people instead of a surgical case. Thank you for everything

THANK YOU DAVID HALUP

THANKS,

Dr. Brantigan

When a doctor saves a patients life & the patient thanks the doctor, in the patients mind it's never enough. When my husband & children thank God for your skills it becomes clear that what you do effects more than just the patient. once again, Thanks for giving me back my life!

Creating Better Lives

I hope I've done your work proud! DS

**THANKS,**

Dr. Brantigan!

who knew that a few "simple" Surgeries would have such a positive impact on my life. I would not be here today if it weren't for you. Thanks for fixing me when no one else could. Oh, and don't worry, you'll be invited to the wedding. I want a really expensive gift!
